How Do I Customize Reports?

Last Modified on 09/26/2019 11:36 am PDT

Table of Contents

Summary

This article will show you how to customize your interpretation reports.

Customize Report Settings

Click the tabs below for instructions on how to customize your reports using the software.
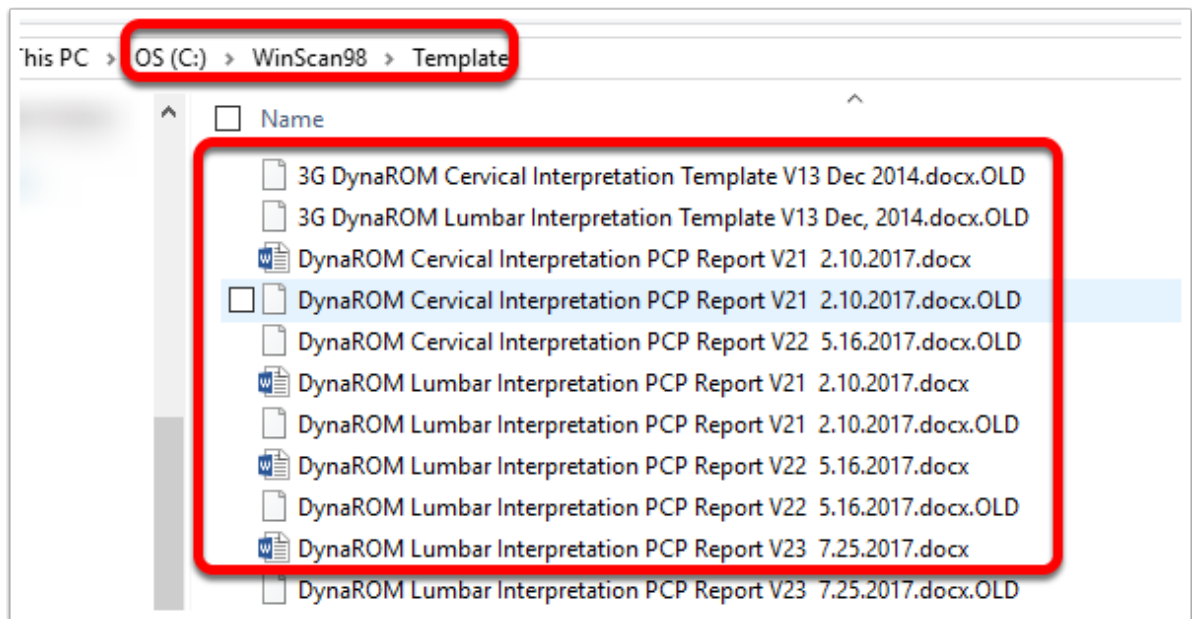

Exam Header and Footer	Edit Static sEMG Reports
	Edit Thermography Reports

Customize Interpretation Report Templates

You are able to edit and customize the templates used by the software for interpretation reports.

1. Open Windows File Explorer.

2. Then, navigate to C:\Winscan98\Template.

This PC > OS (C:) > WinScan98 > Template

	Name
	3G DynaROM Cervical Interpretation Template V13 Dec 2014.docx.OLD
	3G DynaROM Lumbar Interpretation Template V13 Dec, 2014.docx.OLD
	DynaROM Cervical Interpretation PCP Report V21 2.10.2017.docx
	DynaROM Cervical Interpretation PCP Report V21 2.10.2017.docx.OLD
	DynaROM Cervical Interpretation PCP Report V22 5.16.2017.docx.OLD
	DynaROM Lumbar Interpretation PCP Report V21 2.10.2017.docx
	DynaROM Lumbar Interpretation PCP Report V21 2.10.2017.docx.OLD
	DynaROM Lumbar Interpretation PCP Report V22 5.16.2017.docx
	DynaROM Lumbar Interpretation PCP Report V22 5.16.2017.docx.OLD
	DynaROM Lumbar Interpretation PCP Report V23 7.25.2017.docx
	DynaROM Lumbar Interpretation PCP Report V23 7.25.2017.docx.OLD

Open the file with the name corresponding to the Interpretation Report template that you would like to edit. Any changes made to the template will be carried over into all future reports generated with the template.
